

FICHE 1: CONTENTS

M EDMONDS, A SHERIDAN & R TIPPING	Survey and excavation at Creag na Caillich, Killin, Perthshire	A4-11
H K MURRAY, J C MURRAY, A N SHEPHERD & I A G SHEPHERD	Evidence of agricultural activity of the later second millennium BC at Rattray, Aberdeenshire	B1-E4
C E LOWE	Excavations of plough-truncated features at Loanleven, Perthshire	F1-7
I ARMIT & A DUNWELL	Excavations at Cnip, Sites 2 & 3, Lewis, 1989	G1-10

LOANLEVEN

LOWE

CONTENTS

Table 1: Dimensional data for the Loanleven pits

1:F3-6

Table 2: Spot phosphate analysis

1:F7

TABLE 1: Dimensional Data for the Loanleven Pits plus Comparanda

All measurements in metres

Pit #	Diameter	Depth	Profile		Spacing (centre)	Comment	Base a.OD	Top a.OD
			Base	Sides				
Pit A	1.10	0.20	rounded	gradual	-	320 ± 50 bc (GU-2541)		
1					7.50	(not excavated)		
2					6.25	(not excavated)		
3.1	3.00	1.20	flat	steep		(extensively quarried)	41.45	42.65
3.2	3.30 - 4.00	1.00	rounded	gradual		(extensively quarried)	41.90	42.90
4					8.00	(not excavated)		
5					16.25	(not excavated)		
6	2.75 - 4.05	1.07	pointed	steep	18.25		42.15	43.22
7	3.75	0.50	flat	-	50.00	slots & stakeholes near base	42.40	42.90
8	2.85 - 3.40	0.65	flat	gradual	16.50	external post-hole	42.75	43.40
9	2.25 - 4.50	1.55	rounded	gradual/ steep	30.00	stepped profile on E	42.10	43.65
10	2.70 - 3.00	1.30	flat	steep	6.25	post-pipe, 40 cm to 60 cm diameter	42.45	43.75
11	2.00 - 2.60	1.05	flat	steep	4.50	ramp & stakehole: probable post-pipe	42.60	43.65
					12.50			

Table 2: Spot phosphate analysis. Frequency of samples in each rating class

Pit	Low	Medium	High
3	1	4	6
6	4	2	-
7	4	2	1
8	3	6	1
9	11	3	1
10	-	3	3
11	1	4	1
